EDUCATION

Georgia State University

Bachelor of Science in Computer Science

May 2023

Atlanta, GA

Overall GPA: 3.69 / 4.00

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Software Engineering, Computer Org & Programming, Data Mining, Mobile App development, Web Programming, System Level Programming, Computational Epidemiology, Design & Analysis: Algorithms, Computer Architecture, Discrete Mathematics, Calculus II

TECHNICAL SKILLS

Programming Languages: Python, Java, C, JavaScript, HTML, CSS, PHP, Typescript

Libraries & Frameworks: Flask, Angular, React, Next.js, NumPy, pandas, matplotlib, SQLAlchemy

Other Tools: Git, SQLite, Heroku, PostgreSQL, WordPress, Github, Unix, Node JS, NPM, Yarn, AWS

PROJECT EXPERIENCE

NBA Player Tracker

Jan 2022 – Present

- Created a Python Flask app to let people add and keep track of their favorite players in the NBA on one page with real-time statistics.
- Worked with a team of 3 other developers using scrum agile methodology to complete our sprint goals by their deadlines.

TMDB Movie Explorer

Jan 2022 – May 2022

- Created a full stack web application using JavaScript(React) that fetches and displays information about a random movie using TMDB's and Wikipedia's API. Used Google APIs and web-scraping libraries to regularly refresh data.
- Allowed users to create accounts to be able to save their favorite movies and leave ratings/comments on movies using flask SQLAlchemy for others to see deployed using Heroku.

WORK EXPERIENCE

Del Frisco's Grille

May 2020 - Present

Server

Atlanta, GA

- Fast paced fine dining serving at one of Buckhead's top steakhouses.
- Maintained a robust knowledge of our menu and wine list to proactively up-sell menu items to guests while ensuring customer satisfaction.

Chess2Children

Sep 2017 – Dec 2019

Chess Teacher/Trainer

Smyrna, GA

- Taught kids aged 5-13 how to play chess and ran signups at school open houses.
- Learned how to break down complex subjects into simpler easier to understand concepts and trained other teachers.
- Increased signups more than 2x and improved retention rates of classes at schools taught by me.

L.E.B. Electric

May 2016 – Aug 2019

Electrician

Copague, NY

- Worked on a team installing, repairing, and testing the safety of all the wiring in residential buildings and of a University.
- Assisted in the design, installation, and integration of electrical systems in union contract projects.

EXTRACURRICULARS

Pi Kappa Alpha

Aug 2018 – Present

Vice President, Internal

Atlanta, GA

- Oversee and direct the following chair committees: philanthropy, alumni relations, fundraising, scholarship, housing, and brotherhood.
- Identify and train men for every chair position in order to ensure continuing success within the organization.

United Student Organizations

Aug 2021 – Present

Founder

Atlanta, GA

- Helped found an organization as a branch of SGA to help other organizations come together to have a voice on issues that affect them.
